

A tank for solid bulk goods that offers a safe, low-cost alternative to bags, boxes or big bags, with no risk of contamination.

Uses:

Plastic pellets, cork waste, dry sludge, cereals, sugar, coffee, cocoa beans, tea, feed for aquaculture, etc.

Characteristics:

- 20' and 40' containers.
- Easy to fill, build and install.
- Hygienic and safe

Benefits:

- Contamination-free transport.
- Dust control.
- Save on labour, material, transport and cleaning costs.
